

# Reconnect

Reconnect is an early intervention & prevention program for young people (12 to 18 years old) who are homeless/at risk of homelessness.

## Results

- ✓ 89% reduced reoffending.
- ✓ 67% improved relationships with their family.
- ✓ 67% in stable, safe accommodation.
- ✓ 48% increased engagement with education, training, or employment.

## Conclusion

University research found stable accommodation, improved relationships & increased engagement with education, training, or employment, led to reduced reoffending. Our data found:

- ✓ 92% in stable, safe accommodation reduced their reoffending.
- ✓ 100% who increased engagement with education, training, or employment reduced their reoffending.
- ✓ 83% who had improved relationships reduced their reoffending.
