

Sisters of St John of God Women's Program

The Sisters of St John of God Women's Program (SSJGWP) supports women to successfully reintegrate into the community.

Results

- ✓ 73% reduced reoffending.
- ✓ 91% who needed a home were housed.
- ✓ 67% learnt new parenting & life skills.
- ✓ 67% reduced/ceased misuse of alcohol & other drugs.
- ✓ 38% who needed employment were employed/ increased their skills.

Conclusion

University research found stable accommodation & increased employment led to reduced reoffending. Our data found:

- ✓ 70% who needed a home & were housed reduced their reoffending.
- ✓ 60% who needed employment & were employed/ increased their skills, reduced their reoffending.

My case worker has been an excellent support, never misses appointments with me and brightens my day.

They genuinely want to help. Feels genuine and caring. The workers are real.
